## TRUMAN CITES NECESSITY OF YOUTH CAMPS

Backs Universal Training Plan To Help Keep U. S. Strong

(By Associated Press)  
PRINCETON, N. J., June 17—President Truman said today this country's pledge to help free nations resist the "encroachment of totalitarian pressures" makes universal training a "military necessity."

"We must remember above all," the chief executive asserted, "that these men would not be training in order to win a war, but in order to prevent one."

**Gets Honorary Degree**  
The President came here by special train from Washington to receive his tenth honorary doctor of laws degree at a Princeton university bicentennial convocation in which similar honors were bestowed on 35 other outstanding leaders.

"Peace-loving nations," Mr. Truman said in his prepared address, "can make only slow progress toward the attainment of a stable world—in which all peoples are free to work out their own destinies in their own way—unless their moral leadership is supported by strength."

"Weakness on our part would stir fear among small or weakened nations that we were giving up our world leadership. It would seem to them that we lacked the will to fulfill our pledge to aid free and independent nations to maintain their freedoms, or our commitments to aid in restoring war-torn economies."

"In such an atmosphere of uncertainty, these nations might not be able to resist the encroachment of totalitarian pressures."

"We must not let friendly nations go by default."

The President said universal training is "vital to the national welfare."

**Normal Procedure**  
He declared:

"Universal training represents the most democratic, the most economical, and the most effective method of maintaining the military strength we need."

"It is the only way that such strength can be achieved without imposing a ruinous burden on our economy through the maintenance of a large standing armed force."

A report by a presidential commission recommending a universal training law has been forwarded to Congress, but no action is expected at this session.

The president also took occasion to cite what he long has contended is the need for higher salaries in the government service to attract "the kind of executives required to manage its vital activities."

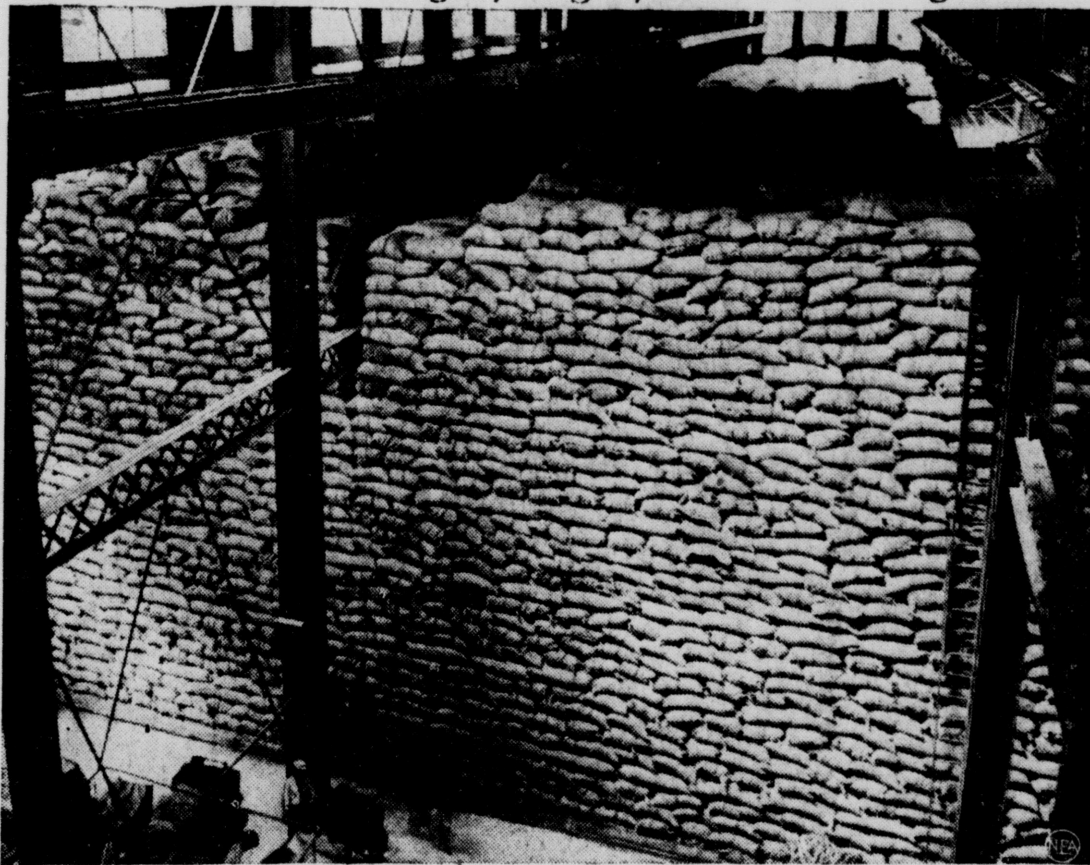

And he suggested a program for "the systematic training" of civilian employees once they have entered the public service, both "on the job and on the campus."

He added that the nation's schools must "train future leaders in all fields to understand and concern themselves with the expanded role of government, and—equally important—to see the need for effective administration of the government's business in the public interest."

Now There's Sugar, Sugar, and More Sugar

With the rationing lid off the cannister, this picture proves to American housewives that there will be plenty of sugar now. This is part of the 12,000 tons of raw Cuban sugar in a Brooklyn, N. Y., refinery, and there's more coming in all the time from the unloading docks.

## May Rains Failed To Cut Down Record Wheat Prospects

The May rains held up corn planting and damaged other crops but failed to cut down prospects of a bumper wheat harvest in Ohio.

"Wheat prospects on June 1 pointed to a crop of 52,464,000 bushels, about 4 million bushels more than in 1946 and 10 million bushels more than in the ten-year, 1936-45 average," the federal-state crop reporting service said today.

The report added that wheat "yields per acre are expected to average less than in 1946, but the increase in acreage planted accounts for larger crop prospects than a year ago."

Only a small portion of the intended corn crop had been planted in Ohio by June 1 and the planting of sugar beets and soybeans also was delayed, the report states.

**Oats Crop Outlook**  
Bad weather also caused a poor outlook for the oats crop upon which farmers depend for livestock feed. The outlook on June 1 was for a crop of 27,825,000 bushels compared with the 1946 crop of 62,235,000 bushels and a ten-year average of 39,970,000 bushels.

The rye crop also was down. The prospects were for a crop of 255,000 bushels compared with 289,000 last year. The indicated barley production on June 1 was 384,000 bushels compared with 502,000 last year and the ten-year average of 784,000.

The crop reporting service had good news about peaches, though. The prospects on June 1 were for 1,020,000 bushels compared with 553,000 in 1946 and the ten-year average of 836,000 bushels. Pear production was forecast at 240,000 bushels against 135,000 bushels last year.

The outlook for sour cherries June 1, the report said, "was 2,760 tons compared with 2,100 tons in 1946 and 2,854 tons, the eight-year average. Sweet cherries promise 370 tons compared with 200 tons last year and 550 tons, the eight-year average."

## 'DRAFT WALLACE' MOVEMENT OPENS

**Former Vice President Urges Truman-Stalin Meeting In Berlin**

(By Associated Press)  
WASHINGTON, June 17—A "draft Henry Wallace for President" movement began to take shape today as the former vice president awaited any official response to his call for a Truman-Stalin meeting in Berlin to settle Soviet-American differences.

Wallace, the most vocal critic of President Truman's foreign policy in this country, said he knew nothing of the "draft" move, which originated in California.

But in his address here last night before a cheering outdoor crowd estimated at from 8,000 to 10,000, the ousted cabinet officer said "there will be a new party" if the two major parties "insist on pursuing the present suicidal course toward war and depression."

He called on Mr. Truman to invite Premier Stalin to meet with him in Berlin to discuss economic and trade relations between the two countries as a "first step" to world peace.

Robert W. Kenny, former California attorney general, said in Los Angeles that the draft-Wallace campaign would get under way at a meeting in Fresno, Calif., July 19. Wallace will not appear, but may send a message to the gathering, Kenny said.

The primary purpose, he added, will be to select a committee to name a slate of 54 candidates for a pro-Wallace California delegation to the next Democratic national convention.

Kenny, southern California chairman of the Progressive Citizens of America, which sponsored many of Wallace's recent speeches across the country, said:

"This may be the first in a series of grass-roots get-togethers throughout the country."

**Holdup Backfires When 'Victim' Shoots Gunman**  
CARROLLTON, June 17—Robert Wilhoite, 26, of Monterey, Ky., who was shot in the right leg as he attempted to hold up Fred Duval, 50, Sunday night in Carrollton, was to be transferred from Union hospital in Dover today to Cripple Veterans hospital, Cleveland, the sheriff's office in Carrollton reported.

Sheriff Roy Orwick was to accompany Wilhoite whose condition at Union hospital this morning was reported satisfactory.

Wilhoite and two Carrollton men were picked up at the hospital less than two hours after the attempted holdup. The other two men, Lowell Bosler, 19, and Norman Tillman, 29, were placed in the Carroll county jail. Charges have not been filed against them.

Mr. Duval knocked the gun from Wilhoite's hand at the Duval door and struck him in the face, knocking him down. As he attempted to escape, Mr. Duval shot at him with the holdup gun which Mrs. Duval had recovered in the meantime. The two other men were waiting in the car nearby.

## Late Bulletins

WASHINGTON, June 17—The house accepted today a joint congressional committee's recommendations on the terms of a measure to extend rent control until Feb. 29, 1948.

CLEVELAND, June 17—The two nurses who were on duty in Massillon City hospital's pediatrics ward where two babies were killed June 6 were given a lie detector test today and Massillon Police Chief Stanley W. Switter afterward said "the girls are in the clear."

"I am well satisfied with the test and results and it removes all suspicions from them," Switter said.

NEW YORK, June 17—The Pan American Airways Clipper America, with 21 passengers and a crew of 10, left LaGuardia field at 1:18 p. m. today on a flight inaugurating the first round-the-world air passenger service.

## 268-137 VOTE KILLS INCOME TAX MEASURE

**Poll Is Two Votes Short Of Required Two-Thirds Majority**

(By Associated Press)  
WASHINGTON, June 17—The house today upheld President Truman's veto of the \$400,000,000 tax reduction bill, thus killing it finally and completely.

The vote was 268 to pass the bill over the veto and 137 against. Thus it was two votes short of the two-thirds majority necessary to pass a law over the President's disapproval.

When that count turned up on the roll call, Republican Leader Halleck of Indiana demanded and obtained a recount, but no votes were changed.

Voting to override the veto were 233 Republicans and 35 Democrats. Supporting the President were 134 Democrats, two Republicans—Carl Anderson of Minnesota and Hull of Wisconsin—and the American Labor member, Marcantonio of New York.

**Democrats Applaud**  
Applause broke out on the Democratic side as the vote was announced.

The house action means the senate will not even vote on the issue of overriding the veto.

It means, too, that Republicans have an issue they already have made clear will figure prominently in the 1948 presidential campaign.

Before the vote, Speaker Martin had declared that if the senate or house upheld the veto it would mean no new attempt this year to reduce taxes.

**How Ohioans Voted**  
Here's how Ohioans voted on motion to override veto of income tax cut.

Republicans for overriding: Bender, Bolton, Brehm, Carson, Clevenger, Elston, Griffiths, Hess, Jenkins, Jones, Lewis, McCowen, McGregor, Vorys, Weichel, Brown.

Democrats against overriding: Feighan, Huber, Kirwan. Paired to override veto-Smith, Republican.

Paired to sustain veto-Crosser, Democrat.

**Recapitulation**

Zenz originally was given a parole last month. It was to be effective June 20.

C. C. Sherrick, a board member, voted then to continue the case, but Chairman Raymond A. Younger and member Percy Lowery voted to release him.

The parole stirred up protests from the Cincinnati Bar association and the Hamilton County Prosecutor Carron A. Hoy also filed a protest with the commission.

The commission members voted, 3 to 0, today to reconsider the parole.

Zenz was received at Ohio penitentiary Jan. 7, 1931, following his conviction for participation in an attempt to rob the Reading, O. bank.

**Seeks Divorce From Girl Wed In England**

## All that Work for Nothing!

Three influential Republicans look glumly at President Truman's veto message on the tax reduction bill: Rep. Harold Knutson of Minnesota, chairman of the Ways and Means Committee; Rep. Joseph W. Martin Jr. of Massachusetts, Speaker; Rep. Charles A. Halleck of Indiana.

## Here's Legislation Passed, Rejected By Ohio Assembly

(By Associated Press)  
COLUMBUS, June 17—Here is the major legislation passed by the general assembly and that which failed to receive approval during the Jan. 6-June 14 session:

**ENACTED**—A \$300,000,000 bond issue to finance a veterans' bonuses to a \$400 maximum, subject to approval of voters in the November election.

A state subsidy of \$86,000,000 annually for the public school system with a proviso that 75 percent of the \$27,000,000 over 1946 financing be used to increase teachers' salaries and hire additional instructors.

A law to regulate strip mining, requiring operators to spend up to \$50 an acre to reforest spoil banks.

Regulating labor unions by prohibiting secondary boycotts, "featherbedding" and sit-down strikes, limiting picketing and requiring annual financial statement to the state and members asking them.

Prohibiting public employees from striking by providing for summary dismissal and two-year probation if rehired.

Relaxing the restrictions on employment of women and minors.

Limiting the time for filing portal-to-portal pay suits to two years.

Appropriating \$347,000,000 for current operations during the biennium; \$71,000,000 for additions and betterments for universities, welfare and other projects, and reappropriated also \$30,000,000 previously allocated but unused for similar projects.

**State Officials Get Raise**  
Increased salaries of all state elective officials and members of the legislature 30 percent, similar increases for all other state officials and employees, judges and county officials.

Provided a state subsidy of \$2.50 a day for tuberculosis patients maintained in public hospitals and \$1.25 per day for those maintained in private hospitals.

Placed police and firemen's pension systems on a solvent basis by doubling the member contributions and establishing a cushion fund of \$1,000,000 in the state treasury for that purpose.

Provided \$25,000,000 subsidy for local governments by allocating \$12,000,000 from sales taxes and turning \$13,000,000 in certain intangible taxes over to local governments.

This would be supplemented by local levies of admissions taxes. An additional \$2,250,000 in sales taxes was added for 1947 the amount admissions levies were expected to yield by Oct. 1 when cities could tax admissions.

Reduced employer contributions to the unemployment compensation fund approximately \$30,000,000 a year and removed the wartime surtax contributions amounting to about \$7,000,000 a year.

Permit cities to acquire land for private operation of off-street automobile parking lots, and allow zoning of unincorporated areas in counties.

## The Assembly Adjourns

With a typical last-minute rush, the 97th Ohio General Assembly has closed shop after 23 weeks of sessions that ranged from somnolent to feverish.

In the final summing-up of the legislature's work it is difficult to assimilate and evaluate immediately all the last minute developments. Many controversial measures which hang fire for weeks suddenly are reconciled in conference and disposed of at one fell swoop by sleepy men working under a stopped clock.

The legislature has, however, quite a bit of tangible evidence of its deliberations. First of all, a veterans' bonus referendum was prepared for the November ballot. The legislators also decided to postpone super-highway plans; ruled state judges didn't need a special pension system, and passed a law prohibiting strip-mine operators from leaving the tracks they work over looking like the Dakota Bad Lands.

To the average Ohioans, the legislature's deliberations are obscure, cloaked in confusion. Sometimes one gets the idea that's the way they are to the legislators, too. Confusion certainly must have reigned during the weekend rush. That so much of a worth while nature was accomplished is a tribute to the legislators' good intentions, if not to their ability to work out an orderly legislative schedule.

## No Degree Required

Pittsburgh advertises for a street-sweeper who will be paid \$3.177 a year. Required: An eighth-grade education. The city also wants a college graduate in natural science at \$2.239 a year.

This exemplifies one of the maladjustments in our economic life. Congressman Monroney, in one of the current national magazines, goes into the matter at considerable length, and, of course, the school teachers' plight is another evidence of it.

Back in the 1920's when every bright young lad aspired to go to college and then be a bond salesman, many were concerned lest there would be a shortage of artisans and laborers. To judge from the Pittsburgh dispatch, that's the way things are working out.

Colleges have more students than ever before, but it's material gains their students are seeking, all but the exceptionally talented are looking in the wrong place. Trade schools and union apprenticeships would serve them better.

## The Harvest Begins

In Haskell county, Texas, threshing crews have begun the 1947 harvest, which will continue into autumn as the sun ripens the golden grain across the broad reaches of the plains states and on into the Canadian provinces—all the way to the Athabasca River valley on the edge of the sub-Arctic north.

Millions in other countries will be dependent this year on America's bounty, and the harvest will be one of the largest, approaching 2,000,000,000 bushels. Of this, the United States' total will be 1,400,000,000 bushels or 40,000,000 tons.

The huge harvest will be handled with difficulty. Already Texas farmers have bought up tents and requisitioned empty buildings for storage. Freight cars by the thousands are being diverted from industrial areas to carry grain and by midsummer the nation will have the worst boxcar shortage in its history.

Wheat exports this year will reach 400,000,000 bushels, five times greater than in 1946. With so much of the world dependent on America's prodigality, we shall be inept spokesmen for democracy if we cannot export some political philosophy with our cereals.

## They Never Learn

Opponents of basic military training for the men who must defend the United States with or without training never learn.

They are still arguing about military training as if nothing else were involved. They ignore the fact that someone must perform military service, because to recognize this fact makes them uncomfortable. They are so intent on winning their argument against compulsory training that they don't care if the nation loses its argument against Russian expansionism.

To drift into unpreparedness in a world whose dream of peace is being shattered by division of the nations into American and anti-American blocs is to play into the hands of warmakers as directly as the United States played into their hands before both World wars. Twice in this century conspiracies to break the peace have been stimulated by the obvious fact the United States wasn't ready to fight if attacked.

Two wars in which American men were sacrificed on the altar of unpreparedness should make it plain that appeasement of the opponents of military training is costing more than the United States can afford.

## The Stars Say

By GENEVIEVE KEMBLE

For Wednesday, June 18

AN abrupt turn of events, with dramatic and long-range developments should be handled with prudence, rationalizing and a determined effort to keep within bounds and not overplay the mark.

Any false moves or reckless decisions might jeopardize hopes for important projects and exceptional prospects. In these it is important to count on assistance and advice of those in influential positions. Stick to the main chance with discretion and moderation.

## If It Is Your Birthday

Those whose birthday it is may be prepared for a sudden turn of events, which may have power to upset cherished hopes and wishes, in business, finances and the purely personal life. Under stress and excitement there may be a proclivity to rash, drastic or erratic moves, having a disastrous effect on the final outcome of promising and productive matters of long-term significance.

Under strain or rash impulses it might be well to seek and be guided by the advice and support of influential persons; wiser heads not disposed to complicate the main chance. Reserved dramatics for private adventures or romances.

A child born on this day may be talented, ingenious and ambitious but disposed to place in jeopardy its highest objectives by overshooting the mark.

The wave length of a human being is said to be 3.66 meters. The way some people broadcast, we thought it was 1000.

Another judge has ruled that the pedestrian has the right of way at street corners. It's still a good idea to look both ways.

New light-bulb bow ties are brightening the faces of the snappy young gents. A novelty—or just a flash in the pan.

A New York man, sent to prison 12 times, was resentenced the other day. He sure has the courage of his convictions.

Some women make fools of men, says an Ohio judge. And others get there too late.

The strongest words are usually used in the weakest arguments.

If you think women are cowards, try blowing your auto horn to make one get out of the way.

It's a heap better to be given a nasty look than to have one.

## GUARDING YOUR HEALTH

## Drug That Fights Tuberculosis

By HERMAN N. BUNDESEN, M.D.

FOR generations medical men have hoped for a drug which would attack and kill tuberculosis germs, thus paving the way for quick and certain cures of this dread disease. There are those who believe that it may be that this long-awaited substance has been found in streptomycin.

Streptomycin is one of the group of drugs known as antibiotics or germ killing substances of which penicillin is the most famous example. The great usefulness of these drugs lies in the fact that they act directly on disease germs. A number of these germs not affected by penicillin are vulnerable to streptomycin, particularly the tubercle bacilli.

According to Dr. H. Corwin Hinshaw and his co-workers of the Mayo Clinic, streptomycin stops the growth of tuberculosis germs. However, these physicians feel that streptomycin should be given a more thorough trial before it is substituted for the long accepted methods of controlling tuberculosis. They themselves have used it to treat 75 patients with various types of tuberculosis, including its most fatal forms, over a period of a year and a half.

In some patients, the condition was more rapidly and completely controlled than in others. Injections of streptomycin were given into a muscle, or under the skin, every three to six hours, day and night, from two to six months.

Some of the patients treated were suffering from tuberculous meningitis, a condition in which the tuberculous infection has involved the lining membrane over the brain and spinal cord. In such cases, the treatment was given by injection into the spinal column, as well as into the muscle.

For tuberculosis of the lungs, moderate amounts of streptomycin, given for short periods of time, were found adequate to control the condition. In most cases, the improvement was prompt and rapid. In other cases, the disease did not improve, but did not get any worse.

It was found that the fever was lessened, coughing and the bringing up of sputum stopped, and lung inflammation became less within a few weeks time.

## The Large Bronchi

Tuberculosis affecting the large bronchi or tubes in the lung, the windpipe and larynx or voice-box were benefited in two to four weeks time by having the patient breathe in a mist of the streptomycin several times a day, together with the use of injections into the muscle. The symptoms became less within a few days and the infected areas healed up. The condition did not recur after the treatment was stopped.

Unpleasant reactions involving dizziness or a deafness occur in some few instances. However any serious results from the use of streptomycin are quite small. It is to be hoped that further study of this preparation in the treatment of tuberculosis will prove its great value.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

## EXTENDED FORECAST

Warmer Wednesday and Thursday. Cooler Friday and Saturday. Warmer Sunday. Temperature will average two to four degrees below normal. Showers and thunderstorms Thursday and Sunday. Total precipitation about one-third inch.

## THERE NEVER WAS A RIDE LIKE THIS!

No Car Designed Before the War Can Even Compete with the Ride You Get in a KAISER or a FRAZER

You be the judge! You have driven and ridden in a lot of cars. You know how they ride. Now, get in a KAISER or a FRAZER and compare the ride! You're in for a pleasant surprise. For all your present standards of riding quality will become obsolete before you have gone a mile! You will agree that no car designed before

the war can even compete with the KAISER or the FRAZER—for there never was a ride like this! You drift over rough roads. You glide along the pavement. It's a horizontal ride—with the up and down travel removed.

It's not just a matter of spring design and shock absorbers. Power, brakes, and ease of steering, all play a part. So do superior roominess, extraordinary visibility and extra-low center of gravity—with all the weight of passengers between the wheels! But what's the use of telling you how it's done! You are interested in the ride. That can't be described. It must be experienced. So, before you buy any car, learn for yourself—compare the ride!

## FOR A PLEASANT VACATION

The highways are jammed with cars crowded with folks going on a summer vacation trip. Most of these cars are 7 or 8 years old. Naturally, there is a lot of car trouble and the garages along these vacation routes just can't take care of the demand for auto service and repairs.

If you are planning on an auto trip, be sure to get your car in as near perfect shape as possible before you start. We are anxious to help you have a trouble-free trip... so NOW bring your car to us for a complete and thorough inspection and "Check-up."

1 LET US CHECK YOUR MOTOR and see if all the parts are working alright. Look over your generator, your spark plugs, your battery, battery cables, fan belt, cooling system and see that everything is in good order.

2 BRAKES are most important. Poor brakes are dangerous. Too many reckless drivers are on the road for you to take chances. Your brakes should be in proper adjustment... and if needed be re-lined.

3 HEADLIGHTS should be correctly focused and adjusted. Faulty headlights are one of the greatest road hazards.

4 STEERING WHEEL AND WHEEL ALIGNMENT. If your steering wheel is loose and your car shimmy and shakes, you should be sure to have it corrected before you start out on a short or long trip.

Spend your time and money before you start on a trip and HAVE MORE TIME and MONEY to spend on your vacation.

## Easy Payments on REPAIR JOBS

For your convenience, we now will repair your car and put it up in first class condition... and then instead of paying the bill all in one lump sum, you can pay it in small weekly payments. Drive in now for a thorough inspection and FREE ESTIMATE.

## Lions Auxiliary Officers Chosen

Officers were chosen for the 1947-48 season when members of the Lions club auxiliary had a dinner party Monday evening at the Crook's White Cottage, Lisbon rd., to conclude the fourth season. The table was decorated with spring flowers.

As president, Mrs. Harold Shears, will guide the destinies of the auxiliary the coming year, assisted by Mrs. G. R. Stowell, vice president; Mrs. Frank Mounier, secretary, and Mrs. Homer Logue, treasurer.

Retiring officers are: President, Mrs. Cloyd Reynard; vice president, Mrs. Shears; secretary, Mrs. Paul J. Smith; treasurer, Mrs. Dana Flooding.

Committee chairmen are: Program — Mrs. Louise Cowan; tax stamps — Mrs. Kenneth Jones; ways and means — Mrs. P. J. Smith; guest night, Mrs. Matt Green; flower — Mrs. Clifford Zimmerman; membership — Mrs. D. C. Rosing.

With 10 new members added, the past season has been a successful one.

The auxiliary has contributed to civic charities and the sight conservation project of the Lions club.

At the social period there were games with prizes.

The auxiliary will open the 1947-48 season Sept. 15.

## Initiation Program Held By Eastern Stars

Mrs. Helen Hoopes and T. Terry, worthy matron and worthy patron respectively, of Minerva chapter, Eastern Star, were among a group of members from that chapter who attended a special meeting of Salem chapter Monday evening in the Masonic temple.

Initiation was held. Lunch was served in the dining room, which was decorated with roses and lighted candles.

A musical program included a trumpet solo by Richard Dougherty, accompanied by Miss Joan Smith; accordion selection, Miss Wilma Firestone; vocal solos, Mrs. Herbert Yengling, with Mrs. Glenn Davis at the piano; piano solos, Thomas Crothers.

Boyle Family Holds Reunion At Lake

The Boyle family reunion was held at Dunn Eden lake Sunday with approximately 90 present from Anthony, Kan., Berlin Center, Phillipsburg, Canton, Elyria, Ellsworth, Ashland, Sebring, Marlboro, Beloit, Salem, Damascus and North Jackson.

A picnic dinner was served at noon.

Officers elected for 1948 are: President, F. V. Boyle, North Jackson; secretary, Mrs. Howard Stille, Salem, R. D.; treasurer, Lorin Cameron, Damascus.

The reunion will be held at the same place next year the fourth Sunday in June.

Mrs. James Giffin Jr. of Cleveland st. accompanied by James Giffin Sr. of Franklin st. and Mrs. Kenneth Jones and children, Roger and Polly of E. Third st., left Monday morning on a trip to California. They expect to be gone several weeks.

## Saxon Women to Hold Social On Wednesday

The Saxon Women's society will hold a benefit social Wednesday evening at the hall.

Mrs. Marie Melitschka is general chairman. There will be games with prizes.

At a recent meeting of the society, delegates to the national convention in Canton, Mrs. Marie Vogelhuber, Miss Eldred Bodendorfer, Mrs. John Girscht, Mrs. Martin Polder and Mrs. Michael Fritzman gave their report.

The next meeting is set for Friday, July 11.

## McCrea Family Gathers For Wednesday Wedding

Mr. and Mrs. Lester McCrea of R. D. 4, Salem, entertained his brother and wife, Mr. and Mrs. Dean McCrea of Chester, Pa., and his sister, Miss Grace McCrea of Cleveland over the weekend.

Also present at the McCrea home are another brother, Mr. and Mrs. Alfred McCrea of Pomona, Calif., and his daughter, Virginia, who will be wed to Robert Hartley of Sebring at the Alliance Methodist church Wednesday.

The McCreas will leave for California following the wedding.

## Speidel Reunion Held At Haessly Farm

Seventy descendants of the J. B. Speidel family held a reunion Sunday at the W. F. Haessly farm at Hanoverton.

The following officers were elected: President, Elmer Speidel; vice president, Arthur Haessly; treasurer, Richard Speidel; secretary, Mary Lou Haessly.

Guests were present from Lake Forest, Ill., Cleveland, Massillon, Canton, Alliance, Salem and Chester, W. Va.

The occasion was also a housewarming for Mr. and Mrs. Arthur Haessly, who moved to Hanoverton recently from Salem.

## Nace-Starbuck Vows Will Be Exchanged

The wedding of Miss Margaret E. Nace, daughter of Mr. and Mrs. Edwin Nace of Cleveland, and Robert G. Starbuck, son of Mr. and Mrs. A. W. Starbuck of N. Ellsworth ave., will be solemnized at an open church service at 3:30 p. m. Saturday, June 28, in the Eighth Evangelical & Reformed church, Willowdale ave., and W. 25th st., Cleveland.

After July 1, the couple will reside at Earlham college, Richmond, Ind., where Mr. Starbuck is maintenance man.

## Wesleyan Meeting

Mrs. J. A. Fehr will be guest speaker at a meeting of the Wesleyan lass of the Methodist church at 8 p. m. Wednesday at the home of Mrs. Clifford Segesman, Lisbon rd. Her theme will be "Exploring Bible Lands."

## Feted By Club

Mrs. Charles Metz, who will leave in the near future for Memphis, Tenn., to join her husband and make her home, was honored at a dinner party given by the Octo club at Canton. She was presented a gift.

Members are planning a wiener roast for July.

Mrs. B. C. Crapster of Damascus rd. has returned from New York City, where she spent two weeks with Mrs. W. C. Marietta and family. She made the trip home by plane.

Miss Martha Willaman of Franklin st. is visiting relatives at Canton.

Mrs. Royden Piper of E. Third st. attended the wedding of Iatser Mortz, a Kent State university school friend, to Robert Erickson, in the Miles Park Avenue Methodist church, Garfield Heights, at 4 p. m. Sunday. Mr. and Mrs. E. S. Vincent, Marguerite and Mary Lou Vincent and Jeffrey Piper accompanied Mrs. Piper on the trip.

## Hungarian Chicken Fricassee

(Serves 6-8)

Two fryers—2½ to 3 pounds each, salt, pepper, ¼ pound butter or fortified margarine, 2 medium sized onions finely chopped, 4 medium sized ripe tomatoes, 2 teaspoons paprika, 3 cups thin cream or rich top milk, ½ teaspoon baking soda. Joint the chicken; sprinkle with salt and pepper. Melt butter or margarine in large heavy frying pan or deep Dutch oven. Turn heat low; spread onions in pot; add chicken, cover and saute gently about 10 minutes, taking care to brown neither chicken nor onions. Scald, skin and cut up the tomatoes. Add to chicken with paprika. Stir together gently; cook gently another 10 minutes. Mix cream or milk with baking soda and pour over chicken. Mix gently; cover; cook until chicken is thoroughly cooked (about 35 minutes.) To serve, remove chicken to serving

### Find Ice Fourteen Feet Under Earth In Montana

MISSOULA, Mont. — Dynamiters blasting a road on a western Montana mountain uncovered ice which may have frozen in a prehistoric glacial age. C. E. Remington, of the Forest Service, said a deep bed of clear ice was found fourteen feet beneath the earth's surface near

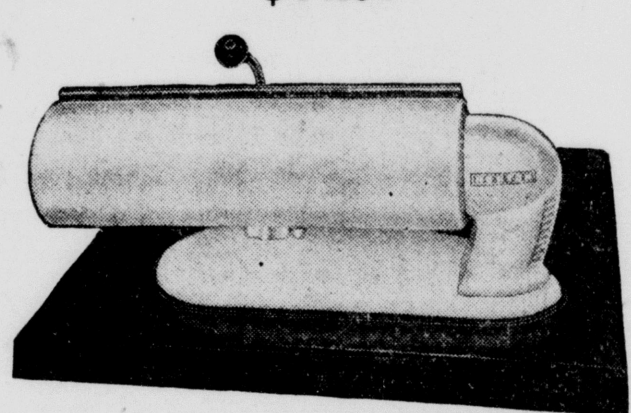

the east fork of the Bitter Root river. He theorized that the ice might well have been there for centuries because underground temperatures at that high level probably would not permit melting in the summer.

## What's Back of the Big Swing to Nash?

EVERYWHERE today, the swing is to Nash. You see it on the highway, in your neighborhood. In city after city, leading dealers are handling Nash.

And listen to the "talk" about new cars... the fine performance of the 1947 Nash "600"... its big car economy of 25 to 30 miles on a gallon at moderate highway speed... its single-unit body-and-frame.

The talk is about Nash Conditioned Air—automatic fresh air heat, and ventilation... banishing cold, dust, drafts and smoke from motoring forever!

The talk is about the room in a Nash—extra headroom, seat-room, leg-room—the big double bed you can have in the back.

The talk is about easy handling... the wonderful ride of coil springing at all four wheels. And the talk is about value—a Nash "600" is low in price.

This, then—is why Nash popularity is breaking all records. See your dealer now, drive a new Nash "600," or its running mate, the Nash Ambassador.

See your Nash dealer, too, for the kind of modern automobile service you've been waiting for.

### Military Academy Exams Scheduled

Congressman Earl R. Lewis announced today that the competitive examination, which he has asked the U. S. Civil Service commission to hold for the selection of boys to be appointed to the Naval and Military academies, has been set for Monday, July 21. The exam will be held at Steubenville.

All boys who are residents of the 18th Ohio Congressional district (Carroll, Columbiana, Jefferson, Harrison, and Belmont counties) and who are within the age limits are eligible. Age requirements are 17 to 21 years on April 1 for Annapolis; 18 to 22 years on date of entrance for West Point; extended two years at both schools for boys who have served honorably one year or more in the armed forces.

If you have not already submitted your name to Congressman Lewis and are interested in taking this exam, write him at once, stating your full name, address, and date of birth. He will forward you an application blank and notify you the exact time and place to report when arrangements for the examination have been completed.

### • THE THEATER

## Trim, Taut—

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

## and simply Terrific

SLIP into this one — and you'll have to hang on tight to keep your spirits from soaring right out of this world.

There's no trimmer, tidier, fresher bit of automotive styling anywhere in sight, and never in your life have you had more of the makings of fun and adventure right at your finger tips.

You handle a wheel that seems moved more by your wishes than your muscle.

You boss a big Fireball straight-eight whose mission in life is taming tall mountains and making the miles cry "Uncle!"

You take your ease on broad, soft Deepflex cushions—flick the proper control, and the door windows run up to serve as windcreens, the top swings into place against a sudden storm, or the front seat adjusts itself to your perfect comfort.

All the while there's the good steady

feel of Buick solidity beneath you. There's the fluent, easy stride of wheels cushioned all around by gentle coil springs. There's size — and room — and levelness — and that mastery of good roads and bad found only in a performer that's built to star in any company.

A buy? But naturally! Nowhere but in Buick will you find all this smartness — nowhere but in a Convertible do Buick

power, size, comfort and steadiness pay off so handsomely in sheer joy in going places.

So count yourself lucky if your order's in. Or, if it isn't, count yourself smart if you nail one down without further urging.

For while we'll take your order any time, with or without a car to trade, only you can make sure (by placing your order) that no one else is going to get ahead of you.

# Zines Hurls Amvets Into First With No Hitter Over Dinner

## Deming Whips Printz Club; Need Only One More Victory

The Diner has now collected four hits in the last four games. Monday night at Centennial park they were unable to register a single one baser as Blazing Johnny Zines of the Amvets hurled his team to a 5-0 hit victory over the erstwhile league leaders.

The victory put the Amvets in the top spot with the Crescents, dropped the Diner into third place and set the stage for a climatic Amvet-Crescent tilt Friday night.

Zines was "right" last night. He walked none, fanned three. Two errors by Mike Oana at second base at different times in the game were erased by fast double plays.

Mutt Schaeffer, on the hill for the Diner, allowed but three bingles but was a trifle wild. His two walks in the first gave the Amvets their first two runs. Three more were added in the fourth, two riding in on Ed Pukaski's sharp single to center with second and third occupied.

In other games Monday in the

American league Leetonia dumped Hunters 7-0 to keep pace with the Amvets. Twirler John McQuiston had a homer for the winners. Ehrharts went down before the Saxons 7-4, while Fratillas bunched the Jaycees 6-2. The latter two games were played at Copacia's field.

Demings came within one game of the first round title in the National league by dropping the Printz club 2-0 on a two hitter by Kenny Brudery. The Pumpmakers need but one victory over Salem Tool tonight to clinch the round honors.

Second place Golden Eagle stayed in the chase with a 3-2 win over the Electric Furnace. McFeeley and Courtney both hurled four hit ball.

### Browns Sign 15-Year Contract For Stadium

CLEVELAND, June 17—A 15-year lease of Lakefront stadium by the Cleveland Browns, champions of the All-America pro football conference today had the unanimous approval of Cleveland city council.

The agreement, providing the Browns an option for 10 years' additional rental of the huge bowl, called for payment to the city of six per cent of gross receipts of each game, with a minimum per game guarantee of \$3,600. The club and the city agreed to split concession proceeds evenly.

## BASEBALL FIGURES RISE ABOVE 1946'S

Attendance Zooms; Yanks Win Monday Before 52,633 Fans

By JOE REICHLER  
Associated Press Sports Writer  
Those who have been predicting that major league baseball attendance never again would approach altitudinous figures reached last season may be forced to eat their words.

Weather has forced a near record number of postponements but big league attendance is running almost even with last year's record figures.

With the prospect of a neck and neck race right down to the wire in both leagues, the 1946 total of 18,612,794 paying fans may be bettered.

Including games played last night, the two leagues have drawn a total of 6,798,795 fans, only 101,650 cash customers behind the corresponding period a year ago on games through June 16.

National league clubs showing increases are New York, Boston, Brooklyn, Philadelphia, Pittsburgh and St. Louis.

In the American league, Chicago, Cleveland and Detroit show increases.

A night game Yankee stadium crowd of 52,633 fans saw their favorite New York Yankees trail for seven innings, then come through with two runs in the eighth and one in the ninth to beat the Chicago White Sox, 4-3.

In the ninth, Joe DiMaggio led off with a double, was sacrificed to third and scored the winning run on a perfectly executed squeeze bunt by Phil Rizzuto.

With 20,067 looking on in Chicago, the Brooklyn Dodgers took advantage of two errors by First Baseman Ed Walikus to score two unearned runs to eke out a 2-1 decision over the Cubs.

In the only other game played in the majors, the rejuvenated St. Louis Cardinals nosed out the Philadelphia Phillies, 4-3, in St. Louis, scoring the winning run in the 10th.

An error by Right Fielder Johnny Wyrostek on Terry Moore's single enable Red Schoendienst, who had singled, to score all the way from first.

By DON E. BEATTIE

### DIAMOND DUST

In keeping with Bill Veeck's plans for the Cleveland Indian scouting and gathering of players in Ohio, the Tribe is planning a series of summer baseball tryout camps throughout Ohio.

The first, and the one closest to Salem, will be held in Warren Thursday, Friday and Saturday of this week. Any boy at least 16 years old and not more than 23 is eligible to try out unless he is a member of a Junior American Legion team.

Boys from Salem interested in taking part in the tryout camp can secure information by addressing inquiries to Dick Olmstead, sports editor of the Warren Tribune-Chronicle.

### GRIDIRON GLIMPSES

Coach Johnny Cabas of Columbiana sends along the word that Clipperstown is planning a Class B football preview at Columbiana Friday night, Sept. 5.

As will be the case in Salem, where some of the district's top-notch schools will be participating in a preview, Class B schools will be booked in five-minute quarters for a full evening's entertainment for the fans.

Cabas has contacted a number of B schools in the area and expects to announce his lineup very soon.

The two projects will set Columbiana county off as the center of preview activity in this territory. Nearest other previews are over in Akron and possibly one in Canton.

Both events, Columbiana's and Salem's, should attract top crowds.

### DEPT. OF LINKS INFO

For those specialists of golf who have been looking around for a place close by to purchase a pair of balls and lay 'em out with a driver, there is a new driving range located near Alliance on the E. State road.

Most range enthusiasts have been forced of late to travel as far as Youngstown and Warren to get in their practicing.

### DEPT. OF CONGRATS

Word is slowly sitting around that the current edition of the American Legion's Junior baseball team is the best, on paper at least, in the classy Columbiana county league.

The officials of the Legion, A. B. Combs and Bob Chappell, are to be handed a verbal pat on the back for their splendid job.

More than 40 boys have turned out for the team and the first squad represents about the finest young-player team Salem has produced in many a year.

One of the most outstanding lads on the team is Carl Hrovatic who incidentally promises to be a top-flight grider next season. Young Carl does most of the pitching, plenty of the slugging and is also a neat and talented fielder.

Capt. Eddie Bozich has been grabbing them at shortstop while such other high school stars as Tommy Miner, Dutch Miller, Rudy Morescher and Tommy Sullivan are doing their respective parts.

It's a good afternoon's entertainment to watch the boys in action—and some major league material may come of such a fine program. Salem probably will represent this district at the New Philadelphia Legion convention next month.

Progress is being made and it's to the credit of the backers, of which H. I. Hine is one of the most active.

### ODDS AND ENDS

Dick Harwood still leads the field for long driving at the Salem off club, although Knobby Green is getting close to top-billing in that department. . . . Caddyman John Herman is doing a splendid job this year. . . . Play was heavy Sunday, despite cold weather. . . . Progress on the new softball field at Prospect school is reportedly good. . . . More work was encountered there, however, than was originally anticipated. . . .

### Yesterday's Stars

PITCHING, Harry Taylor, Dodgers—spaced six hits to defeat the Chicago Cubs 2-1 and end the Dodgers' five-game losing streak. . . . BATTING — Tommy Henrich, Yankees—tripled in the eighth inning to score two runners and tie the game which was won by Yankees over the White Sox in the ninth 4-3.

## Track Coach's Dreams Shattered Again

Salem High School Track Coach Frederick Cope seems destined to look elsewhere for a track star of his own.

His dreams of coaching his own boy were shattered Monday when Mrs. Cope presented him with a daughter, born at Salem City hospital. It is the Cope's third daughter.

## SLAMMING SAMMY STILL FIRING OK

DETROIT, June 17—Slammin's Sammy Sneed, the Hot Springs, Va., hot-shot who muffed a two-foot putt last Sunday to blow away his chance to add the National Open to his British Open championship, doesn't intend to let his newest heartbreak defeat get the best of him.

Dropping seven birdies in his first round of golf since losing to Lew Worsham in a playoff for the National Open title at St. Louis, Sneed turned in a six-under par 33-33—66 here yesterday in the best practice round to date for the National PGA scramble which opens Wednesday at Plum Hollow golf club.

## CHOICE SUBURBAN BUILDING SITES FOR YOUR SUBURBAN POST-WAR HOME!!

About four acres located on Damascus Road in very nice residential section. Has frontage of 110 feet on highway and extends back to depth of 1980 feet. Spring fed well on land. This building site is in a location surrounded by nice homes. Priced to sell at \$2000.

Very good three-acre building site on Georgetown Road, just outside city limits. This tract is well located, and has fertile soil and offers exceptional possibilities for an exclusive country home. Price \$1200. We have other tracts along the same highway in the same location. Priced at six dollars per front foot.

Very good building sites on County Line road in Columbiana County, only short distance from city limits north of Salem. Road is paved and land requires very little grading. Price \$600 per front foot.

Outstanding building site on Goshen Road one-half-mile from city limits. This tract has 100 foot frontage and depth of 300 feet. Excellent soil situated in very good suburban neighborhood. Children hauled to Salem schools by school bus which will stop right at your door. If you want something above the average where your good home will be protected by restrictions on adjoining land, you should see this without delay. Price \$10 per front foot.

If you plan to build a new home at any time within the next two or three years, it will pay you to select your building site and purchase it now; for there is every indication that the increase in demand for good tracts such as these will cause prices to advance even though the value of older houses may be declining somewhat at the same time. These are all exclusive Fred D. Capel listings.

## STUDENTS DREAM

Relax—and Go To Sleep.  
Class Theme of Boston Professor

(By Associated Press)

BOSTON—The sooner his entire class falls asleep, the more pleased is the teacher.

This is not an ordinary state of affairs, but then Professor Paul Johnson, in this instance, is not an ordinary teacher. He conducts a weekly course in applied psychology for patients of a Boston dispensary clinic and his main subject is relaxation.

The Boston university educator currently has 40 students, men and women. All are being treated for a variety of symptoms of a number of ills that have no apparent organic cause, yet are very disturbing to health.

Dispensary doctors have diagnosed their conditions as just plain worry. Now the patients are helping to cure themselves through emotional re-education.

Like some other classes, Professor Johnson's start off with exercises, but they are relaxation exercises for tensed muscles.

As soon as the patient-students are completely relaxed, Johnson gives them a pleasant mental picture to "rest in."

"Think of a quiet lake with sunlight shining on it," he urges softly. "Imagine a tree bending over the shore. Smell the fragrance of that rose bower . . ."

Somewhere around this point susceptible students begin to let go and relax. Eyes grow heavy and heads begin to nod.

"After six meetings, most of the class recover from painful symptoms and live with growing efficiency," Professor Johnson said with satisfaction.

## Washingtonville

Mrs. Rose Woods and Mrs. Raymond Herold will be honored at the June birthday party Tuesday evening, following the business meeting of Pride of the Valley Temple, Pythian Sisters.

Russell Roger and Steffen Adams, sons of Mr. and Mrs. John Adams, left last week for Belvoir, the home of their grandparents. Mr. and Mrs. W. R. Beall, where they will spend the summer.

Mr. and Mrs. William Grim accompanied their son William and her brother Richard Calvin of Greenford to Hiram, where the two boys have enrolled at Hiram college.

Don West left last week for Lake Geneva, Wis. where he will be employed.

Mrs. Emmett Brudery entertained club associates in her home on Thursday evening. The hours were spent playing 500, prizes going to Mrs. Walter Tourdot of Leontia, Mrs. Louis Atkinson and Mrs. Albert Weikart. In two weeks they will meet with Mrs. Clifford Herron.

Mr. and Mrs. William Weikart, Jr. of South of Leontia, have moved into the Tetlow property.

Mr. and Mrs. John England returned home after spending several days with her parents at Everett, Pa.

Mr. and Mrs. William Needham visited last week at the home of Mr. and Mrs. A. R. Jackson at Smith's Ferry. Misses Joyce Jackson and Jean Childs accompanied them home for a visit.

**4-H Club Meets**  
The Town Hall Boy's 4-H club met Wednesday evening, with 15 members present. During the business meeting the boys were acquainted with the foundation and workings of the 4-H groups. The boys chose to make woodwork articles for their projects. Games

## Collyer Claimant

Mrs. Ella Davis, 55, Pittsburgh, who says she is a sister of the late Collyer brothers, famed reclusive pair found dead in their decaying Fifth Avenue house in New York, has filed a claim on their \$75,000 estate.

were in charge of Richard McKenzie.

Mrs. Cora Fouts of Sebring who is visiting in the home of her sister and husband, Mr. and Mrs. William Weikart accompanied them to Hammondsville on Sunday. Their aunt, Mrs. Jennie Poland died on Saturday and funeral services were held Monday.

The booster class of the Methodist church held a bountiful chicken dinner Friday evening in the home of Dick Weikart. The table was centered with a large decorated birthday cake honoring the host on his 18th birthday.

Fourteen members and two guests, Robert and Edgar Falls of Oberlin were present. During the business meeting, plans were made for a hayride and wiener roast on June 27 at Firestone park. Mr. and Mrs. Harold Rohrer will chaperone the members and their girl friends on this party.

Mr. and Mrs. Lloyd Culler attended the wedding of their nephew, Albert Culler and Miss Jane Roselle, at Akron on Saturday.

Mrs. Martha Lindsay announces a special meeting for the Women's Society of Christian service at 2 p. m. Thursday in the Methodist church.

Mr. and Mrs. Clarence Baker attended the commencement exercises at Kent State university Saturday. Their son Robert received his diploma in business administration.

Miss Myrtle Baker and Mrs. Clarence Baker entertained the Busy Bee society of the Methodist church in the latter's home Friday evening. The president, Mrs. Theodore Riddle, had charge of the business meeting when plans were made for a picnic at Firestone park in July. Games and contests were the past time with prizes going to Mrs. Rosa Cox of Leontia, Mrs. Russell Weikart, Mrs. Charles Taylor and Miss Florence Taylor.

**Program Presented**  
A short Father's day program was presented at the Methodist church Sunday morning with Mrs. Harold Alexander in charge, who gave a "Tribute to Fathers." Reading, Dorothy Kornbau; dialogue, "Father" by Donna Alexander, Harry Kornbau, Dick Fast, Linda Radler, Tommy Hartley and David Volpe. Song, primary department; recitation, Tommy Tillie. Roses were presented to the 17 fathers present and gifts were given to Harvey Baker, 83, for the oldest father,

## Dangerous Alien Invades U. S.

California truck farmers have been warned that a pair of giant snails, like that pictured above, have been found in San Pedro. They are known to entomologists as Achatina Fulcia, world's largest and most voracious species, capable of multiplying astronomically and "literally eating Southern California out of its truck gardens." The invaders came in on clods of dirt adhering to Army surplus material shipped from Tinian Island in the South Pacific.

## LUCKY STRIKE presents THE MAN WHO KNOWS—

## THE TOBACCO AUCTIONEER!

"I SPEAK as an eye-witness when I say that season after season, I've seen the makers of Lucky Strike buy fine, ripe, mellow leaf . . . the kind of tobacco that makes a swell smoke."

*J. M. Ball*  
J. M. BALL, INDEPENDENT TOBACCO AUCTIONEER  
of Winston-Salem, North Carolina  
(29 YEARS A LUCKY STRIKE SMOKER)

## FINE TOBACCO is what counts in a cigarette

JIMMY BALL IS RIGHT! . . . And like him, scores of other experts . . . who really know tobacco . . . have seen the makers of Lucky Strike buy "fine, ripe, mellow leaf."

After all, that's what you want in a cigarette . . . the honest, deep-down enjoyment of fine tobacco.

So remember . . .
